

IKA-REGISTRATION: WHY IS THE UNIQUE PLAQUE ID NUMBER SO IMPORTANT?

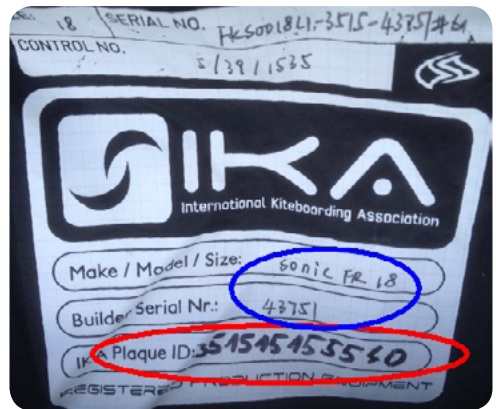

Even if a FLYSURFER kite construction is **officially approved** for kite racing in the IKA class – Formula Kite, this does NOT mean that the kite itself is automatically **IKA registered**. This must be registered by the rider him/herself, so that he/she is allowed to officially compete in the IKA class – Formula Kite and it's specific events.

Your FLYSURFER performance kite is currently registered by the IKA as an **approved series production kite**. BUT the kites, which are actually used during IKA Formula Kite or EC/WC Formula Kite/Hydrofoil events, must be equipped with a **unique IKA Plaque ID number**.

You will receive your unique ID number **ONLY** after purchasing one of our race kites **AND registering this kite by yourself** on the FLYSURFER Homepage for official use in IKA kite class competitions.

Furthermore the model and manufacturer's serial number must be entered on the IKA plaque as well (see blue marking).

FLYSURFER will send you a unique ID number, and this must be written, by the rider him/herself, with permanent marker on the IKA badge location, which is printed on the kite (see red marking on the photo).

IKA-REGISTRATION: WHY IS THE UNIQUE PLAQUE ID NUMBER SO IMPORTANT?

The rules are quite clearly - if a racekite is used in an official Formula Kite – IKA class event, which has NO unique IKA plaque ID number on the IKA entered plaque, the rider(s) will be **immediately disqualified** and must reckon with a potential ban for future events. So go for it, register for free and get your personal ID!

IKA-REGISTRATION

Register your kite for competition

Register your FLYSURFER race kite today for free on our website and receive your unique IKA-Identification number for all official IKA-Races. We have approved all sizes of the following products: **BOOST, BOOSTZ, SONIC-FR, SONICZ**

We are very proud of our racing virtue and the excellence of our high performance kites. The kites listed above are officially approved for kite racing but that does NOT mean that your kite itself is automatically IKA registered. This must be registered by the rider him/herself. Kites used during IKA Formula Kite or EC/WC Formula Kite/ Hydrofoil events must be equipped with a unique IKA Plaque ID number; otherwise the rider will be immediately disqualified and might be banned for future events.

Here is what to do to register:

1. Fill out the form below to obtain your free of charge ID number.
2. You will receive the ID number in your email account.
3. Use a permanent marker and fill in this ID number neatly into the IKA plaque printed on your kite (see image). The model and manufacturer 's serial number must be entered on the IKA plaque as well!
